Columbia

Electric Carriages
Meet All Requirements For Town Use

RESPECTIVE of make or motive power, Columbia Electric Vehicles represent the ideal carriages for private use in city or suburb.

The Landulet, for instance, shown here is thoroughly adapted for use in the coldest weather when closed, while it makes an ideal pleasure driving carriage in mild weather, when open.

All the Columbia Electrics start on the instant in the coldest weather, are entirely noiseless and free from vibration.

There is a distinctive style, an air of elegance about Columbia carriages that lifts them above the ordinary in appearance, while their rich appointments afford the extreme of comfort.

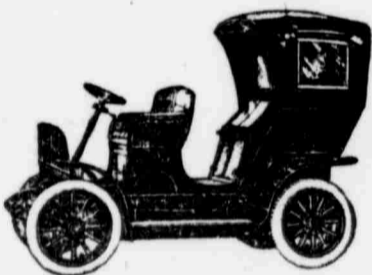

Extension Front Landulet, Open Mark LXVIII.

appearance, while their rich appointments afford the extreme of comfort.

THE COLUMBIA HANSON is one of the most popular designs in our line. Its long record of satisfactory service, like all other Columbia Carriages, is the result of ease of control, safety, economy of operation and dependability, due to the methods employed in construction.

We should be glad to send you a list of prominent people who have purchased one or more Columbia Carriages.

Hanson, Mark XVIII.

Demonstration By Appointment CALL UP 4090-35th ST.

Electric Vehicle Company, Hartford, Conn.
New York Branch, 134-136-138 West 39th Street

We will exhibit at Madison Square Garden, at the Seventh National Automobile Show, Jan 12th to 19th, and at the Coliseum, Chicago, Feb. 2nd to 9th, 1909.

Automobile Robes

Plush, fur, cloth—they're all here and in great variety. Fur robes—every kind of fur that can be used for the purpose; plush robes—deep, thick pile, with warmth and comfort in every fibre; extremely heavy box cloth robes—the kind that never wear out. All these robes are lined with waterproofed material, impervious to rain, snow, sleet. The

Studebaker

stock of robes has been selected with great care. Every one most nobly upholds the Studebaker reputation. These robes are much longer than ordinary robes—most of them half a yard longer. We make a specialty of monogram work for robes.

Automobile Coats

The latest London models—imported especially by us. Rainproof cloths, Scotch Tweeds, etc.; also a full assortment of fur auto coats.

Gloves—all kinds for automobile use—our own importation from France and England.

A robe, coat or gloves would prove a most seasonable and acceptable Christmas gift.
